**Spring Breeze Top**  
designed by Subway Knitter

This is a knitted version of my favorite summer shirt, a shirt that always makes me feel good every time I slip it over my head. The look is feminine and flirty without being overly so. Knit this sweater in wool to have something fun to wear in the winter. [At this gauge, the enormous colorway selection of Cascade 220 is open to you.] Alternatively, knit this in a lighter fiber for something beautiful to wear on cool summer evenings. Pair it with something dressy, or wear it with jeans. This is a very versatile pattern that you can customize for your needs. Enjoy!

**Materials:** 11 balls of Takhi New Tweed, [70% Merino wool, 15 %, silk, 11% cotton, 4% viscose; 103 yards/95 meters per 50g ball] Colorway 017.

NOTE: Some time after I purchased this yarn, Tahki Stacy Charles changed the composition of the New Tweed and reduced the amount of yarn in each ball. According to the company's website the yarn now comprises 60 percent wool, 26 percent viscose, and 14 percent silk. Each ball now contains only 92 yards for 50 grams. Rats! I can't say how that change in fiber composition would affect the fabric's feel and appearance, but the new yarn is slightly heavier than my yarn.

**Needles:** US8  
**Notions:** stitch holders (or spare lengths of yarn)  
**Gauge:** 4.5 stitches and 6.75 rows = 1 inch

Notes:
When picking up the loop for the neck & V-neck edging, pick up the loop from front to back.

If you use a provisional cast on, you might lose the first stitch when you later insert the needle and undo the cast-on chain to bind off. Fear not! Simply find a loop to pick up and recreate that stitch.

Back
CO 90 stitches. If you desire a decorative edging, use a provisional cast on.

Work for 1 inch in StSt.

Begin Waist Shaping
Dec. 1 stitch each side every 4 rows, 7 times total (76 stitches remaining).

18 stitches should remain on this side. Do not bind off these stitches, place them on a holder or spare piece of yarn and clip the sweater yarn.

Shape the neck and shoulders for the other side, reversing all shaping. Use a SSK decrease. Place these remaining stitches on holder or spare piece of yarn.

Front

CO 90 stitches, and work as for the back (including all waist and armhole shaping) until the piece measures 14 inches, ending with (i.e. just having finished) a WS row.
